

The Saguache County Resource Guide & Business Directory 2001

This book was created as a project of ScSEED, (see below), and was made possible by the generous donations of time by many volunteer citizens, and content and funding support of organizations, agencies and businesses in Saguache County. Please see the last page in this publication, for acknowledgement of a partial list of the many people and groups who helped.

Many efforts were made to invite Saguache citizens to be included - mailings, newspaper articles, radio spots and phone calls. If you would like to share ideas of information that could be included in the future, or if you have a business that didn't find its way onto these pages, but, would like to next time, or, if you notice any corrections to be made, please contact ScSEED (see below).

The purpose of this book is to provide as much interesting and useful information as we could gather in this first effort, about life in Saguache County, and, to point readers, Saguache County citizens and visitors, to sources of further information. A free copy of this book is available to each household in Saguache County. Additional copies will be passed to a variety of businesses, organizations and government in and near Saguache County

How to use this Resource Guide & Business Directory

Read the Resource Guide! It offers a comprehensive overview of life in Saguache County.

Add your own notes into spaces provided throughout this book.

Look up topics of interest, to find out where you can learn more about them.

Read the Alphabetical Listings in the Business Directory. They include a brief summary of the history / background, and products and services, written by the businesses.

Find the goods and services you want or need, in the Category Listings of the Business Directory. Then read more about these in the Alphabetical listing.

Cross references are included to lead you to sections with related information of interest.

Look for this ScSEED Dollar\$ symbol in Business Directory listings. It indicates participating businesses. The growing list of participating businesses is available at the Saguache County Credit Union in Moffat, Intermountain First Aid & Safety in Center, and from ScSEED (see below).

For more information on the ScSEED Dollar\$ project, see:

Resource Guide, Business - ScSEED.

Page opposite first Alphabetical Listing page.

ScSEED, the Saguache County Sustainable Environment and Economic Development initiative, is composed of citizen volunteers from throughout Saguache County.

Volunteers are always needed and always welcomed to join in!

For more information about

ScSEED's strategies, UPCOMING ScSEED PROJECTS and how to get involved:

See Resource Guide, Organizations, Associations & Foundations - ScSEED.

Also see the page opposite the first Alphabetical Listing page.
